
ANJANA RAMESH

QA ENGINEER

VKRA 105 - B, Vazhottukonam, Vattiyoorkavu PO, Tvm - 695013

PH : +91 7306724078 | email : anjanarameshsr2001@gmail.com

PROFESSIONAL SUMMARY

Motivated QA Engineer with 1 year of experience as a Quality Assurance officer and 6 months of internship in software Testing, specializing in manual and automation testing using Selenium with Java. Experienced in writing test cases, executing test scripts, and tracking defects using JIRA. Strong understanding of SDLC and STLC. Passionate about improving software quality through efficient testing practices.

CORE COMPETENCIES

- | | |
|---|-----------------------------------|
| ✓ Languages: Java, SQL | ✓ Bug/Defect Tracking & Reporting |
| ✓ Testing: Manual Testing, Automation testing with Selenium WebDriver, TestNG | ✓ Version Control: Git |
| ✓ Tools: JIRA, Postman | ✓ Requirement Analysis |
| ✓ Test Case Design & Execution | ✓ Cross-browser Testing |

PROFESSIONAL EXPERIENCE

Logiprompt Techno Solutions india Pvt Ltd

QA Engineer | 22 July, 2025 - Present

- Analyzed business requirements and functional specifications to create detailed test scenarios and test cases
- Performed manual testing including functional, regression, smoke testing
- Performed manual testing on multiple domain-based applications including Academic Management Systems, Healthcare Applications, Inventory Management Systems, Order Processing Systems, and HRMS platforms
- Validated critical workflows such as student data management, patient records, inventory tracking, order lifecycle, and employee management processes

CamerinfoLks Pvt. Ltd

Junior QA Engineer - Internship | 10 Oct, 2023 - 30 Jan, 2024

- Designed and executed manual test cases to validate application functionality
 - Performed functional, smoke, and regression testing under guidance of senior QA engineers
 - Identified, documented, and reported defects using tools like JIRA (or Excel, if applicable)
 - Collaborated with developers to reproduce issues and verify bug fixes
 - Assisted in validating UI elements and ensuring application usability
-

RELEVANT PROJECTS

Edusoft – Academic Management System

- Designed and executed test cases for student registration, login, and academic workflows
- Performed functional and regression testing to ensure system stability after updates
- Validated data accuracy for student records, attendance, and results
- Identified and reported defects, ensuring proper tracking and resolution
- Conducted UI testing to verify usability and consistency across modules

Zaya Wellness – Healthcare Application

- Tested core functionalities such as appointment booking, user registration, and service management
- Validated end-to-end workflows including booking, payment, and confirmation processes
- Performed functional, regression, and smoke testing to ensure application reliability
- Verified patient/user data handling and ensured data consistency across modules

ATOMED Chemist (PRS Hospital) – Inventory & Order Management System

- Manually Tested inventory-related functionalities including stock management, product updates, and availability tracking
- Validated order lifecycle flow from order placement to delivery confirmation
- Performed functional and regression testing on billing and order processing modules
- Verified accuracy of stock updates after order transactions
- Identified defects in order processing and inventory synchronization

KORPS Sync HRMS – HRMS & Heavy Vehicle Service Management

- Manually Tested HRMS modules including employee management, attendance, and payroll workflows
- Validated service-related functionalities for heavy vehicle maintenance and tracking
- Performed functional, regression, and system testing across HR and service modules
- Verified data integrity for employee records and service logs
- Identified and tracked defects, ensuring timely resolution
- Conducted end-to-end testing for employee lifecycle and service request workflows

EDUCATION

2019 - 2022 | Govt Women's Polytechnic college, Kaimanam, Tvm
Diploma in Computer Engineering

DECLARATION

I Hereby Declaring that the above mentioned details are scincerely true to the best of my knowledge
